Memorandum for: The Director

From: Legislative Counsel

Subject: Appropriation cuts for personal services.

1. Under proposed riders to appropriation legislation for fiscal year 1952 cuts of 10% in sums appropriated for personal services will be made.

2. As a large amount of the CIA budget request for personal services is for personnel not now on duty but whom it is hoped we will have on duty by the end of fiscal year 1952, this proposed cut would represent a reduction in proposed CIA T/O strength rather than a reduction in current employees. Nevertheless, in view of the present expansion plans for CIA, such a rider would be harmful to us.
